

CPC20112 Certificate II in Construction

Course Duration: Six month course

Venue: **OnRoad OffRoad Training Complex**

Investment: * \$2500

ENTRY REQUIRMENTS

There are no educational entry requirements for this qualification. However before a person can enter a construction worksite, they must hold the unit CPCCOHS1001A Work safely in the construction industry (White Card)

TRAINING

The qualification has core units of competency that are required in many Certificate III qualifications. The elective options are structured to allow choice from a range of units aligned at Certificate III level and in total could provide meaningful credit in a construction industry Australian Apprenticeship.

The construction industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated workplace environment and this qualification requires all units of competency to be delivered in this context.

ASSESSMENT

Assessments will be competency based and designed to develop safety skills. Applicants will be assessed on the basis of what they can do and their knowledge of the units of competency.

To be deemed competent in these units of competency the applicant must achieve all performance criteria. The applicant must demonstrate competence in all theory knowledge and practical components to be awarded a Qualification upon completion.
