

## CPCCLRG3001A Licence to perform rigging basic level

**Course Duration:** Five days

**Venue:** **OnRoad OffRoad Training Complex**  
24 Jackson Street, Glenorchy TAS 7010

**Investment: \*** \$1800

---

### **ENTRY REQUIREMENTS**

Participants must provide 100 points of identification, be 18 years of age or over and hold a current high risk licence for dogging.

Maths is a major part of the theory component and a sound understanding is essential to be able to complete this training. You must have the ability to use and understand Basic English.

Trousers, shirt and safety boots are required to be worn at each session.

### **PURPOSE**

Our five day training course is for people who have minimal or no rigging experience.

It's an intensive, hands-on training course, with the majority of the time spent operating the equipment.

A strong theoretical and calculations component is also included that focuses on safe operating procedures.

### **WHAT WILL YOU GAIN?**

You will gain an understanding of the following criteria to safely work towards being a successful basic rigger:

- steel erection
- erect hoists (including mast climbing hoists)
- place pre-cast concrete
- move plant and equipment using a variety of means including skates, chain blocks, tirsors and other means
- install safety nets and static lines
- install perimeter safety screens and shutters
- install cantilever crane loading platforms Inspection of equipment
- Scaffold inspection

## **ASSESSMENT**

Mandated national assessment tools are used and include Theory, Calculations and Practical Assessments

## **WHAT WILL YOU RECIEVE?**

On successful completion of the program you will receive a Statement of Attainment for CPCCLRG3001A Licence to perform rigging basic level

This program is nationally recognised.

You will receive an interim High Risk Scaffolding Basic licence, in which you must lodge at a Service Tasmania outlet within 60 days. You will also need to pay them the prescribed fee.

## **RECOGNITION OF PRIOR LEARNING**

### **Experienced Persons**

- If you have at least 50 hours experience as a basic rigger and do not have a high risk work licence, (Evidence must be provided in the form of a log book or Statutory Declaration) or
- Have undertaken basic rigging training but did not get your high risk work licence

We have a program especially designed to recognise your prior learning (RPL) and thus allowing you to undertake the course over a shorter period.

## **TRAINING ON YOUR SITE?**

Yes Training and assessment can be conducted on your site using your equipment

### **What are the options for performing high risk work?**

There are only two options. All persons performing high risk work must either;

1. hold (or applied for) a licence in accordance with the regulations of the jurisdiction where they work, or
2. be engaged in formal training with a Registered Training Organisation (RTO).

A licence is required for any person performing work with high risk equipment or plant. The licence is valid in every Australian state and territory, enabling the holder to operate or work with high risk equipment under consistent standards anywhere in Australia.

A training manual is provided to assist applicants throughout the training/assessment. This is used, together with instructions from the trainer to ensure that each applicant has a thorough understanding of the material demonstrated.

### **Specific resources required for performance assessment at your site.**

- A working zone for the vehicle loading crane, with site and task specific hazard control measures.
- A range of rigging equipment which complies with the state legislation
- A safety harness, static lines and anchorage points that meet Australian Standards
- Either a fixed or rolling cantilever crane loading platform (CCLP)
- A structure or fixture suitable for the safe support and installation of the CCLP (height of not less than 4 metres)
- A means for slinging, lifting and positioning of the CCLP, including appropriately licenced personnel.
- A safety net that meets state/territory requirements
- A structure or fixture which meets state requirements to be used to tie in and secure the safety net.
- Suitable shutter or screens, not less than 4 metres long in total
- Suitable structural support to allow for the safe installation of shutters or screens at a height of not less than 4 metres.
- Safe means of lifting and securing screens or shutters
- Hand tools appropriate to rigging tasks.
- Steel portal frame for erection including at least 2 girts and 2 purlins, columns and beams.
- A crane or powered winch system to be used to lift and position the steel including appropriately licenced personnel.
- Slings, tools and associated rigging equipment sufficient for the task.
- EWP if the person is required to work at heights.

- Precast panels constructed from any materials that will allow for required weights to achieved within the sizes allowed
- Panel 1: not less than 4 metres high, not less than 3 metres wide, and not less than 2 tonnes in weight
- Panel 2: not less than 4 metres high, not less than 2 metres wide, and not less than 1.5 tonnes in weight
- Panel 3: not less than 4 metres high, not less than 3 metres wide, and not less than 2 tonnes in weight. This panel must have an opening not less than the size of a door in the panel
- Three separate precast components such as beams, columns and/or floor panels weighing greater than the 2 tonnes and 1 item to be not less than 4 metres in length.
- Suitable crane, in safe working condition including appropriately licenced personnel.
- Slings and associated rigging equipment
- Mast climbing work platforms that meet state requirements
- Suitable rigging equipment to safely install, level and secure and dismantle the hoist or climber.

## TERMS AND CONDITIONS

### **Payment of Fees/Refunds: What if you Cancel/Transfer, What if we Cancel/Transfer?**

#### **Payment of Fees**

Fees are required to be paid prior to the commencement of courses. A deposit of 50% of the course fee is payable at time of enrolment with the balance payable prior to the commencement of the course.

#### **Our Cancellation/Transfer**

Whilst we always endeavor to run scheduled courses we reserve the right to cancel or defer a course.

- In the event of occurring cancellation all fees can be refunded or you may elect to transfer to a course that will run at a later date.
- **Your Cancellation/Transfer**
- If you are unable to attend a course, you may elect to re-schedule for that course, but only within 14 days of the original course date.
- We will only allow two (2) such transfers before an administration fee equivalent to 50% of the course fee value will be charged.
- If you cancel more than seven days prior to the course you may request to have any monies paid refunded in full or you may elect to be transferred to an alternative course with an administration fee adjustment.
- If you cancel less than seven days prior to the course you will be charged a 50% (course fee) cancellation fee.
- Should you not attend training/assessment a 100% cancellation fee, or loss of deposit, will apply.

#### **Refunds**

All applications for refund must be made in writing using the F003-Refund Request Form. This form will then be provided to the Training Manager, or their delegate who will consider the request in line with the RTO's policy and procedure.

You will need to attach supporting evidence (e.g. Doctor's Certificate / hardship) as is deemed appropriate with the written request.
